Welcome!

Welcome to the HREBA Familia!

HREBA's mission statement is the guide that we use in everything that this organization stands for! The mission statement is: "Provide high quality home ownership and financial education to the low and moderate income community. Identify and provide training opportunities for real estate professionals to better serve this community."

As a registered 501(c)(3) non-profit corporation, we recognize diversity, equity, and inclusion as an essential cornerstone in the successful execution of our mission. Our core values, dedicated volunteers, and committed membership, are the foundation in which we strive to help build trust and integrity within our diverse communities.

We encourage you to get involved in a committee. Committee members are the driving force behind our mission. Here in this folder, you will see a list of committees, and the committee chairperson. Reach out to them and get involved! We are here to serve!

Who We Are

The essence of our organization exists in our human spirit - the spirit and passion of those that serve and the spirit and determination of those who accept our services. We are dedicated to raising awareness that everyone has a fundamental human right to housing, which ensures access to a safe, secure, habitable, and affordable home. The Officers and Board of Directors have a strong commitment to serving the many constituents of the organization. But first and foremost, making sure the entire organization's membership is focused on its mission and its community outreach efforts.

What We Do

We work to raise awareness and help people prepare to achieve their dream of homeownership. Our success is measured in the number of people we can help with the quality of programs and services we provide. These programs are fueled by our dedicated Board Members, caring volunteers and generous donors like you.

At HREBA we stay active within the communities we serve. We intentionally provide resources to help educate, promote, and support home ownership. We have recruited the best speakers and presenters to provide quality education, monthly! Our outreach volunteers are Real Estate Professionals who are industry licensed and are held in the upmost regard with ethical standards.

We launched PROJECT E.C.H.O. to help qualifying individuals increase credit scores along with monthly one-on-one financial coaching. We know that creditworthiness is an essential part of good financial health.

Through fundraising, education, and community outreach we are making a strong impact on generations.

Making a contribution, by providing Higher Education Scholarship Awards to local deserving High School Students each year, is a cause for which we are very proud.
